Visual Alert System

- Sensors monitor and provide remote visual alerts to the doorbell, telephone calls and the sounds of babies or young children from anywhere around your home.
- Alarm clock with snooze and vibrating alert features to wake the deepest of sleepers.
- The motion detector will monitor a large area and notify you of any unexpected movement.
- Flashes a connected lamp and shakes your bed to alert you to activities within the home.
- Various accessories allow you to customize and expand the system for your specific household or lifestyle needs.
- Simple setup - no hardwiring required, just plug it in.

Clarity AlertMaster
Stay Connected.
